**PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.**

**IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.**

## **WARNING - Seizures**

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

**Convulsions**

**Altered vision**

**Eye or muscle twitching**

**Involuntary movements**

**Loss of awareness**

**Disorientation**

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

## **WARNING - Repetitive Motion Injuries and Eyestrain**

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

## **WARNING - Battery Leakage**

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

### NORTH POLE

Buddy the Elf is soul-searching through the North Pole, deciding if he should go to New York in search of his real father.

### EN ROUTE TO NEW YORK – TRAVELING BY ICEBERG

Move Buddy the Elf by jumping between the floating pieces of ice. Some pieces of ice are weaker than others, so keep moving if you see the ice begin to break apart.

# LEVEL DESCRIPTIONS

## EN ROUTE TO NEW YORK – SLIDING DOWN THE MOUNTAIN

Guide Buddy the Elf on his ice sled as he speeds down the mountain. Avoid candy canes, trees and light posts. Moving over patches of ice increase Buddy the Elf's speed, while patches of dirt will slow him down.

## EN ROUTE TO NEW YORK – FOREST

Collect candy and other items in the forest as Buddy the Elf travels to New York. Watch out for raccoons and mallards.

# LEVEL DESCRIPTIONS

## NEW YORK – MANHATTAN

Buddy the Elf must collect ornaments to decorate the Christmas tree. Pick up ornaments found on the street, but be careful of traffic. To regain his power, Buddy the Elf needs to run inside a revolving door, but watch out for the guard who will chase you away.

## NEW YORK – EMPIRE STATE BUILDING

Buddy the Elf gets a job in the mailroom of his father's company. His task is to handle the mail through the mail tubes. He needs to dispatch the package through the tubes with the matching color by rotating the tube intersections. He must deliver all of the packages before time runs out.

## LEVEL DESCRIPTIONS

After the smaller packages have been delivered, he will get larger packages that need to be delivered via the elevator. Watch the elevator buttons and press them again in the same order to deliver the packages to the correct floor. If he can remember everything correctly, Buddy the Elf reaches the required floor and the package is delivered.

### NEW YORK – SNOWBALL AMBUSH

Some local kids have started throwing snowballs at you. Duck to avoid incoming snowballs, and make sure that you don't hit Santa.

# LEVEL DESCRIPTIONS

## DELIVERING PRESENTS

Help Santa by delivering the presents that have fallen from his sleigh. Match the color of the presents with the color of each house.

## NEW YORK – FIX SANTA'S SLEIGH

Search through the park for the broken parts that have fallen from Santa's sleigh. Keep an eye out for the park rangers – they are looking for whatever caused the disturbance in the park.

# LEVEL DESCRIPTIONS

## ESCAPE FROM CENTRAL PARK

Help Santa fly his sleigh out of Central Park. You must gather enough Christmas spirit to help the sleigh fly. Once enough spirit has been collected, Santa will fly away.

## MINI GAMES

### SNOWMAN BUILDING

Roll the snowballs to build snowmen in the park. The snowball will increase in size as you roll it over snow, and will become smaller if you roll it over clear ground. Push each snowball onto the broom in the right order to build the snowman.

## LEVEL DESCRIPTIONS

### SANTA SAYS...

Put the presents into Santa's bag in the order that Santa says.

### COBBLER'S WORKSHOP

Use the shoe-sorting machine to sort the cobbler's shoes so that a pair of the same color shoes are placed in each box. The multicolored shoes will match any color shoe.
